Welcome to San Buenaventura Urology Center!

We are pleased that you have selected SBU to care for you - we look forward to your initial visit. Our goal is to provide the highest quality care for all of our patients in a timely and respectful manner.

Established in 2010, San Buenaventura Urology is affiliated with Community Memorial Hospital. We strive to stay on schedule, however, from time to time patient emergencies arise at CMH and require urologic intervention from Dr. Beagler and/or Dr. Khoddami. Under these circumstances, you will have the option to either reschedule your appointment or stay to be seen. We will keep you informed of how long of a delay you may experience.

During your first appointment, please arrive 15 minutes early to allow time to complete your initial paperwork. Additionally, please bring the following:

- Insurance card and photo ID
- Recent test results, x-rays, or records relevant to your visit. If you have been referred, please ensure your referring physician has forwarded all applicable materials.

It is not mandatory, however in order to expedite your check-in, the following forms are available for download to be completed prior to your appointment.

- *Patient History Forms*
- *E-Prescribing Consent Forms*
- *Next Of Kin Release Forms*
- *AUA Symptom Score* (This is exclusively for men experiencing urinary frequency, slow stream, and/or a sensation of incomplete bladder emptying)

Welcome to our practice and thank you for choosing San Buenaventura Urology Center.

Sincerely,

Marc A. Beagler, MD

Seyed M. Khoddami, MD

Lauren McWhorter, NP
